

K-LOVE is a vital radio station in my community. This station helps me keep my sanity by keeping me close to God by playing good Christian music. I fear an LPFM broadcaster providing other programming would not help me keep that close relationship with God during the business day. This station provides a huge service not only to the Christian community, but also to everyone in my community. Listening to this station has helped bring many people closer to God and his story of love and forgiveness. I pray you will keep this family-friendly station on the air. There are far too many rude, crude, foul-mouthed stations on the air already. Thanks for listening.
